

European MSP Platform

Newsletter September 2016

Discover the newly launched www.msp-platform.eu

The European Maritime Spatial Planning Platform is an on-going service for MSP authorities and stakeholders throughout all European Member States to share relevant knowledge and experiences on MSP. Financed by the European Union under the European Maritime and Fisheries Fund, the website is the entrance to a comprehensive service point for MSP in Europe, showing an overview of MSP practices and projects generated from all European Member States.

MSP in practice

www.msp-platform.eu provides a diverse array of information and resources, all accessible through several interactive formats. The website features information on the status and content of MSP processes from all European coastal Member States and provides overviews on relevant transnational organisations and structures per sea basin.

There are currently more than 275 entries on the website that describe practical experiences with

The Platform also features an extensive projects database in which you can find an overview of previous and on-going MSP projects and their outputs.

Opportunities

Moreover, you can consult a comprehensive database of funding opportunities for MSP.

All the databases on the EU MSP Platform let you filter and sort the results most relevant to you.

The Platform highlights past and upcoming events as well as training programmes and workshops related to MSP.

Go to www.msp-platform.eu to stay up to date with the latest developments in MSP throughout Europe!

An MSP expert service

The EU MSP Platform is implemented through a dedicated team of experts with offices in each of the European sea basins. They act as personal contacts and liaison. The experts continuously keep track of new developments in MSP within their region and are available to provide advice and answer questions as they arise.

Get in touch!

On www.msp-platform.eu you will find FAQs on MSP and you can contribute to the growing Questions and Answer service by submitting a question of your own to our dedicated team of experts.

Contact info@msp-platform.eu to promote your practice, project or upcoming event on the EU MSP Platform.

MSP that should assist with the implementation of MSP throughout Europe.

The European MSP Platform is financed by the EU Commission under the EMFF Workprogramme 2014. The European MSP Platform is a result of the action MSP Assistance Mechanism implemented by EASME on behalf of DG MARE.
