MSP in areas beyond national jurisdiction

A Marine Spatial Planning Framework for Areas beyond National Jurisdiction, published by the United Nations Environment Programme World Conservation Monitoring Centre, is now available online. This document explores how marine spatial planning (MSP) could be applied within areas beyond national jurisdiction (ABNJ).

International Ocean Governance Consultation

Targeted consultation on International Ocean Governance is launched! The consultation aims at assessing development needs and options for the Agenda in light of today's challenges and opportunities to deliver ocean-related targets of Agenda 2030 and in particular the Sustainable Development Goal on Conservation and sustainable use of the oceans (SDG14) in support of the European Green Deal.

Deadline

15/10/2020
